Training Outlines

DAY 1

Organizational Development

In the recent competitive and dynamic business environment, organizational development OD & design are becoming essential game-changers. Businesses need to continuously align strategy, culture, and internal processes, and optimize cross-departmental communication. Let's equip ourselves with the skills and expertise to help our organizations thrive, now and in the future.

Strategic HR Leadership

HR Leaders are being called upon to make big-picture decisions for the business and create HR strategies. We need to develop a broader set of skills, including organizational design, lean management, business administration, and a deep understanding of HR operating models.

DAY 2

Diversity, Equity, Inclusion & Belonging

Transform your organization into a diverse and inclusive place to work where everyone can thrive with a modern and comprehensive approach to D&I. We need the knowledge and skills to drive culture change through powerful diversity and inclusion initiatives.

People Analytics

Start using data to drive better, fact-based, people decisions that ultimately benefit both the organization and its employees. We need the full analytics skillset to drive data-driven decision-making throughout HR.

HR Metrics & Dashboarding

To drive fact-based HR decisions, we need powerful dashboarding skills and get the metrics right. HR Professional needs a comprehensive skill set that covers the entire reporting process, from implementing essential HR metrics to automating reporting in compelling and intuitive HR dashboards.

DAY 3

Learning & Development

Seize the real competitive edge by training, retaining, and engaging your most talented employees. HR Professional needs the skills to engineer an effective L&D program and create a culture of learning that is aimed at solving today's most pressing people challenges, such as closing the skills gap, enabling digital transformation, engaging millennials, and retaining your most talented people.

Talent Acquisition

Attracting the right talent to the right positions is one of today's top challenges for companies. With rapid advancements in technology and the ongoing war for talent, today's recruiters need to have a completely new skill set.
