## Training Course: Business Analysis: Essentials

Training Course code: MA234825 From: 26 - 30 May 2025 Venue: London (UK) - Landmark Office Space - Oxford Street  
Training Course Fees: 5250 € Euro

### Introduction

This is an introductory training program designed to provide participants with a basic understanding of the benefits, functions, and impact a business analyst has within an organization. The Business Analysis: Essentials training program discusses the business analysis process as it is applied throughout a project as well as the pre-project activities that comprise strategy analysis. Participants learn how a business analyst supports the project throughout the solution development life cycle, from defining business needs and solution scope to validating that requirements have been met in the testing phase and ensuring the solution continues to provide value after implementation.

#### Topics Include:

- Why requirements are important
- Types of requirements
- Underlying competencies for Business Analysts
- Strategy Analysis Knowledge Area
- Business Analysis Planning and Monitoring Knowledge Area
- Elicitation and Collaboration Knowledge Area
- Requirements Life Cycle Management Knowledge Area
- Requirements Analysis and Design Definition Knowledge Area
