Training Course:
The Security Officer Development Program

Training Course code: HE235184 From: 19 - 23 May 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur
Training Course Fees: 5775 Euro

Introduction

Security is an essential aspect of modern society, and the individuals responsible for safeguarding people, assets, and information play a critical role in maintaining order and safety. To excel in this role, security officers need comprehensive training and development. Welcome to the Security Officer Development Program, a 5-day intensive training initiative designed to equip aspiring and current security officers with the knowledge, skills, and ethical foundation needed to excel in the field of security.

Objectives

The Security Officer Development Program has the following key objectives:

- Understanding the Role: To provide participants with a clear understanding of the role and responsibilities of a security officer within various industries, emphasizing the importance of professionalism and ethics.
- Operational Proficiency: To equip security officers with practical skills, including physical security measures, patrolling techniques, access control, incident reporting, and emergency response.
- Legal and Regulatory Compliance: To ensure that security officers are well-versed in relevant laws, regulations, and ethical considerations, including use-of-force policies, privacy laws, and anti-discrimination measures.
- Risk Management: To develop participants' ability to assess security threats, identify vulnerabilities, and develop effective security plans and strategies.
- Crisis Management: To prepare security officers for crisis situations, including active shooter events, hostage situations, and workplace violence, while also addressing cybersecurity awareness.
- Continuous Development: To foster a culture of continuous learning and improvement among security officers, supporting their professional growth in the long term.

Target Audience

The Security Officer Development Program is tailored for the following target audience:

- Aspiring Security Officers: Individuals who are interested in pursuing a career in security and wish to gain the foundational knowledge and skills necessary for success.
- Current Security Officers: Security professionals who are already working in the field but seek to enhance their knowledge and capabilities to advance their careers and improve their on-the-job performance.
- Security Team Leaders and Supervisors: Individuals in leadership roles within security teams who want to refresh their knowledge and leadership skills to better guide their teams and implement effective security strategies.
- Security Managers and Executives: Senior security personnel who wish to stay updated on industry best practices, legal compliance, and advanced security concepts to improve overall security operations.
