## Training Course: The Complete Course on Facilities Management

Training Course code: MA1002 From: 30 June - 4 July 2025 Venue: London (UK) - Landmark Office Space - Oxford Street  
Training Course Fees: 5250 € Euro

### Introduction

Facilities like buildings, utility plants, water distribution networks, production plants, parking lots, and landscaping are becoming more flexible, complicated, and expensive. That is the reason why Facility Management is an important business nowadays. It is one of the most budget expenses and, for that, it is a crucial source for expense savings.

This Training course shed light on the procedures to apply the Best Practices to manage and organize a facilities department and sectors as a thriving business within a business. The purpose is to employ and preserve the facilities efficiently and effectively to incorporate roles, individuals, and establishments. The Training course is regarding discovering the right balance between asset performance functionality, availability, reliability, safety and costs, about the right balance between operating and maintaining the facilities in-house or contracting them out.
