## Conference: Advanced Financial Management and Risk Management

Conference code: CO235166 From: 24 - 28 March 2025 Venue: Trabzon (Turkey) - Conference Fees: 5775 € Euro

### Introduction

Effective risk management is of vital importance in today's business environment. This course will enhance your understanding of risks and how to minimize a business's exposure to them. Financial management has also undergone several developments since the beginning of the current century, shifting from descriptive studies to practical studies subject to rigorous scientific standards. It has evolved from a field concerned solely with sourcing funds to a field that focuses on asset management and directing available financial resources to optimal uses. Additionally, the focus has shifted from external analysis of companies or organizations to the decision-making process within them.

### Conference Objectives

By the end of the conference, participants will be able to:

- Understand the nature of contemporary financial management.
- Acquire the necessary skills for financial analysis, planning, and control.
- Comprehend how to balance risk and return.
