Training Course: The Advanced Strategies in Contract Negotiation and Claims Management

Training Course code: PC235107 From: 31 March - 4 April 2025 Venue: Zanzibar(Tanzania) - Golden Tulip Zanzibar Resort Training Course Fees: 5950 € Euro

Introduction:

The Advanced Strategies in Contract Negotiation and Claims Management program is designed to provide law professionals, specialists, and individuals interested in acquiring skills and advanced strategies in negotiating contracts and claims. The program aims to equip participants with comprehensive knowledge of contract principles, rules, and negotiation strategies, enhancing their abilities to efficiently handle procurement, management, preparation, and selection of contracting parties with administrative entities. Additionally, it focuses on contract implementation according to contractual regulations and laws, developing contractual strategies, imparting advanced negotiation skills for contracts, understanding their requirements, and utilizing scientific and technical methods to comprehend contractual demands.

Objectives of the Advanced Strategies in Contract Negotiation and Claims Management Program:

By the end of this training program, participants will be able to:

- Understand the hierarchical sequence of contract clauses and documents.
- Differentiate and identify contractual relationships by comprehending the roles and responsibilities of contracting parties.
- Professionally apply various contract resources.
- Draft contract projects and appendices in line with international standards.
- Identify appropriate documents for claims.
- Manage contract changes based on contract provisions.
- Investigate and settle disputes according to contractual requirements.
- Understand arbitration procedures and processes.
- Prepare bid documents.
- Utilize negotiation tactics and strategies.
- Manage contracts effectively.
- Identify causes of contract failures and address them.
- Acquire knowledge of contractors' practices for identifying and developing claims.

- Understand contract law and practices related to submitting and executing various types of claims.
- Develop skills for effectively mitigating claims.
