# Training Course: ISO 9001:2015 Quality Management Systems

Training Course code: MA235204 From: 17 - 21 February 2025 Venue: Venice (Italy) - Training Course Fees: 5250 Euro

### Introduction

This Training Program is designed on the latest standards and the quality management system requirements specified in the International Standard.

The adoption of a quality management system is a strategic decision for an organization that can help to improve its overall performance and provide a sound basis for sustainable development initiatives.

The potential benefits to an organization of implementing a quality management system based on this International Standard are:

- a the ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements;
- b facilitating opportunities to enhance customer satisfaction;
- c addressing risks and opportunities associated with its context and objectives;
- d the ability to demonstrate conformity to specified quality management system requirements.

## Course Objectives

During this training program, participants will gain knowledge in the following topics;

- The quality management principles described in ISO 9000
- understanding and consistency in meeting requirements;
- the consideration of processes in terms of added value;
- the achievement of effective process performance;
- improvement of processes based on the evaluation of data and information.
- The concept of risk-based thinking.
- Understand the relation with other management system standards.
