Training Course: Advanced Strategic Management & Strategic Quality Management

Training Course code: MA235443 From: 24 - 28 February 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 5250 € Euro

Introduction

Welcome to the 5-day Advanced Strategic Management & Strategic Quality Management training program. This intensive course is designed to equip participants with advanced skills and knowledge in strategic management and quality management practices. Throughout the program, we will explore key concepts, practical methodologies, and real-world applications to enhance organizational performance and sustainability.

Objectives

By the end of this training program, participants will:

- Understand the fundamentals of strategic management and its importance in organizational success.
- Develop skills in strategic analysis, planning, and execution.
- Gain insights into advanced strategic decision-making and change management.
- Master principles and tools of quality management, including Total Quality Management TQM and quality improvement methodologies.
- Learn how to integrate strategic and quality management approaches for enhanced business performance.
- Apply their learning through case studies, group exercises, and discussions to solve real-world challenges.

Target Audience

This program is ideal for:

- Senior managers and executives responsible for strategic decision-making.
- Quality assurance managers and professionals seeking to enhance their knowledge and skills.
- Operations managers interested in integrating quality management practices into strategic planning.
- Anyone involved in driving organizational excellence through effective strategic and quality management practices.
