# Training Course: Investigating Conflict Of Interest and Contract Procurement Fraud

Training Course code: PS1917 From: 10 - 14 February 2025 Venue: London (UK) - Landmark Office Space - Oxford Street  
Training Course Fees: 5250 € Euro

## Introduction

The training program on investigating conflict of interest and contract procurement fraud aims to provide participants with the knowledge and skills to identify, investigate, and prevent conflict of interest and procurement fraud in their organizations. Conflict of interest and procurement fraud can lead to financial losses, reputational damage, and legal consequences. Therefore, it's essential for organizations to have trained personnel who can conduct thorough investigations and implement effective preventive measures.

## Methodologies

The training program will use a variety of methodologies, including:

- Lectures and presentations
- Case studies and practical exercises
- Group discussions and problem-solving activities
- Role-playing and simulation exercises
- Guest speakers and subject matter experts

## Target Audience

The training program is suitable for personnel involved in procurement and contract management, internal auditors, investigators, lawyers, and any other individuals interested in preventing and detecting conflict of interest and procurement fraud. The training program is ideal for organizations across different sectors, including public and private organizations, non-profit organizations, and government agencies.

## Objectives

By the end of the training program, participants will be able to:

- Define and identify conflict of interest and procurement fraud
- Understand the legal and ethical implications of conflict of interest and procurement fraud
- Recognize the common red flags and signs of conflict of interest and procurement fraud
- Conduct effective investigations using best practices and techniques
- Write clear and concise investigation reports
- Implement effective preventive measures and internal controls
- Apply the concepts learned to real-world scenarios through case studies and practical exercises
