Conference: Mastering Training Needs Analysis and Training Evaluation - Fast Track

Conference code: CO8024 From: 4 - 8 May 2025 Venue: Manama (Bahrain) - Fraser Suites Conference Fees: 4675 € Euro

Introduction

This new conference is in a specific response from you to our customers. It provides you with the latest thinking, methods, and tools to be able to complete the two most important areas of training -TNA and Evaluation. In today's difficult financial climate these are the two areas that will really make a difference to any training function.

This conference will also help to raise the professional profile of training because of its exact process approach. Using our methodologies you will be able to do TNA in less time and with greater accuracy, know what to evaluate, and use a proven process to do a predictive evaluation. If you are required to do so you will be able to show which training provides measurable value to the organization using new techniques.

Conference Objectives of Mastering Training Needs Analysis and Training Evaluation

By the end of this seminar delegates will be able to:

- Identify and be able to use the 4 level model for doing a training needs analysis
- Master how competencies are constructed and know which are the best to train to get good results
- Be able to use the new priority process 2009 to be able to prioritize all training requests
- Master training evaluation using the 10 step model
- Know what training is suitable for evaluation and which is not
- Have practiced evaluating a series of training courses
- Know how unit costs work and how to use them to make evaluation easy

Conference Methodology of Mastering Training Needs Analysis and Training Evaluation

This is a practical program that will use case studies and appropriate DVDs and clips to enhance learning. Throughout the week delegates will be able to work on real case studies to bring the methodologies to life. An extensive manual of in excess 25,000 words and a copy of all the slides and schemas will be available to help the delegates' retention of the subject matter and aid their understanding throughout the week.

Organizational Impact of Mastering Training Needs Analysis and Training Evaluation

A few of the benefits the organization will gain are:

- Having a standard and auditable approach to training
- Having a much higher success rate and identifying the right training through a process approach to TNA and evaluation
- Know which software to use to enhance and speed up TNA
- Have concrete information which will show clearly the value of training to the organization

- Have a confident and competent staff

Personal Impact of Mastering Training Needs Analysis and Training Evaluation

Benefits individuals will gain from this program are:

- Getting the complete toolbox to be able to do accurate TNA and Evaluation
- Gained sufficient expert guidance to be able to implement immediately what has been taught and put it into operation
- Through working with our instructor who is an international expert in this area, gain the confidence needed to be able to make a difference in the company
- Gain and have mastered the two most important areas of training in today's economic situation
- Be able to demonstrate the immediate value of this course on return to the workplace
