2 - 6 June 2025 Geneva (Switzerland)

## Training Course: Supply Chain and Inventory Management

Training Course code: PU4066 From: 2 - 6 June 2025 Venue: Geneva (Switzerland) - Training Course Fees: 5250 🛘 Euro

#### INTRODUCTION

In today sometitive environment, the best supply chain will win. The chain that offers the highest value to its customers will have the competitive advantage. This requires a broader outlook than just the borders of the company. Indeed, it requires full visibility of all the players in the supply chain. In this programme you will study:

- The various processes in the Supply Chain
- The structure of a Supply Chain
- What makes a Supply Chain successful?
- The role of inventory in the Supply Chain

#### PROGRAMME OBJECTIVES

- To define and understand the concept of a Supply Chain
- The role of inventory in the Supply Chain
- Critically determine the amount of spare parts required
- Determining the optimal inventory solution for spare parts
- Implement creative ways of reducing working capital

#### TRAINING METHODOLOGY

Participants will learn by active participation throughout the programme through the use of programme materials, exercises, questionnaires, training videos and discussion of <code>[]real life[]</code> issues in their organisations.
