Training Course: Project Management Skills

Training Course code: PC4111 From: 2 - 6 June 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5250 € Euro

Introduction

The overall aim of this course is to provide participants with the necessary skills required to plan their projects by creating project scope statements and project work breakdown structures. Additionally, participants will learn how to develop key performance indicators for monitoring and controlling their project schedule and budget. The course also aims at assisting participants in appraising the feasibility of their projects by applying capital budgeting techniques. Finally, the course will cover how to effectively plan project stakeholders' engagement and manage their expectations.

Course Objectives of Project Management Skills

By the end of the course, participants will be able to:

- Plan projects using a statement of work and Work Breakdown Structure WBS
- Schedule projects activities and build the project network model
- Calculate project budgets and schedule variances using Earned Value EV techniques
- Select the right projects using capital budgeting techniques
- Relate to project stakeholders through better negotiation and communication skills

Course Methodology of Project Management Skills

The course uses a mix of interactive techniques, such as brief presentations by consultant and participants, and psychometric assessments. The course also features the use of a number of group exercises and case studies followed by plenary discussions.

Who should attend

Project managers, members of project offices, project sponsors, functional managers, senior management and individuals interested in project management. This course is worth 30 Professional Development Units PDUs.
