## Conference: Safety Developing an Effective Culture

Conference code: CO8220 From: 28 April - 2 May 2025 Venue: Liverpool (UK) - Conference Fees: 5775 € Euro

### Introduction

#### Building an Effective Safety Culture

An effective safety culture is critical for implementing successful safety management systems and preventing major accidents. This seminar focuses on fostering personal responsibility, improving behavioral practices, and assessing organizational safety culture. Participants will learn strategies to drive safety improvements, the importance of active care, and insights from renowned theories like Taylor, Herzberg, and Maslow.

### Objectives

- Have a clear understanding of human factors and their application to their organization's current safety and cultural status
- Be familiar with elements of safety management systems and their purpose
- Appreciate the consequences of behavioral acts and omissions as prime causes of accidents and emergencies
- Be able to develop a step-by-step safety cultural improvement program within their organization
- Develop an appreciation of carrying out an HSE cultural positional assessment
- Develop skills for identifying, evaluating, and reconciling solutions for influencing behavioral change improvement measures

### Methodology

Participants will learn by active participation during the conference through the use of exercises, case studies, and open discussion forums. Videos shown will encourage further discussions and delegates are encouraged to bring forth experiences and problems from their organizations. The conference will be run using PowerPoint slides, copies of which will be distributed both in hard and soft copies.
