## Training Course: Certified Project Finance Specialist

Training Course code: FI234847 From: 28 April - 2 May 2025 Venue: Geneva (Switzerland) - Training Course Fees: 5250 © Euro

### Introduction

This training is designed by the Project Finance Certified Specialist Program to provide a critical core body of knowledge and skills in project finance and financial modeling.

An IP3 Project Finance Specialist Certification validates a breadth of knowledge acquired through immersive training in financial modeling and contractual structuring.

Specialists will develop skills including:

- Developing an effective feasibility study screening process based on financial data analysis
- Identifying and allocating the various risks associated with each project to the appropriate stakeholder
- Constructing and creating financing models that calculate value-for-money VfM and public sector comparator PSC benchmarks, and that evaluate feasibility assumptions and net present values NPV
- Preparing sensitivity analyses to stress test the project s cash flows, projected internal rate of return IRR, and debt service coverage ratios DSCR
- Assessing the underlying economic and financial assumptions contained in the financial models developed by the private sector
- · Identifying and understanding sources of finance, including both equity and debt
- · Communicating and discussing findings with stakeholders

### **Course Objectives**

- Advance your skills and create a positive impact within your current role
- Become more marketable and mobile
- · Generate added opportunities for professional growth
- · Increase your income potential with additional expertise
- gained through certification
