

*Training Course:  
Cargo and Good in Transit*

*17 - 21 February 2025  
Baku (Azerbaijan)*

## Training Course: Cargo and Good in Transit

Training Course code: PU235048 From: 17 - 21 February 2025 Venue: Baku (Azerbaijan) - Training Course Fees: 5250 € Euro

### Introduction:

The transportation and logistics industry plays a vital role in the global economy by ensuring the safe and efficient movement of goods and cargo across various modes of transportation such as air, sea, and land. With the increasing complexity and diversity of the supply chain, it is essential to have a comprehensive understanding of the risks involved in the transportation and handling of cargo and goods. This training program on "Cargo and Goods in Transit" aims to provide a practical understanding of the principles and best practices involved in the transportation of cargo and goods.

### Objectives:

The training program aims to achieve the following objectives:

- Understand the fundamental concepts of cargo and goods transportation
- Identify the risks and challenges involved in the transportation of cargo and goods
- Learn the best practices for cargo handling, packaging, and storage
- Identify the legal and regulatory requirements for cargo transportation
- Understand the role of technology in cargo transportation and logistics

### Target Audience:

This training program is suitable for professionals working in the transportation and logistics industry, including:

- Freight forwarders
- Shipping agents
- Logistics managers
- Supply chain managers
- Warehouse managers
