Training Course: Strategic Planning, Goal Setting, and Policy Formulation

Training Course code: LS235460 From: 20 - 24 January 2025 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5250 € Euro

Introduction

Many business organizations complain about stumbling in their steps and programs towards expansion and growth, achieving satisfactory performance rates, and even some exiting the business environment, fearing change, outdated activities, and outputs, among other manifestations of failure. These are, in fact, natural outcomes of what is known as strategic void.

Formulating strategy, setting objectives, and devising policies provide many alternatives for recognizing or solving the aforementioned dysfunctions. Additionally, they offer keys to capitalizing on future directives and decisions, ensuring satisfactory performance levels for business organizations.

Program Objectives:

By the end of the training program, participants will be able to:

- Identify future challenges and ways to address them.
- Equip themselves with concepts, objectives, and skills for future foresight.
- Understand strategy in terms of scientific principles and the essential skills of management in building strategic thinking.
- Present the core practices of strategic management as demonstrated by the intertwined results of practical experiences and scientific background.
- Focus on creating a practical approach for the strategic leader that can be used and applied to achieve short and long-term business goals and policies.

Target Audience:

- Administrative and executive positions holders
- Department heads
- Leaders and officials
- Managers
- Individuals aspiring to develop their work systems and procedures in their administrative units
