Training Course: Organization Management

Training Course code: MA234995 From: 17 - 21 March 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 5250 € Euro

Introduction

Organizational management is a critical aspect of running any successful business or organization. Effective organizational management requires the application of principles and practices that enable an organization to plan, organize, lead, and control its operations to achieve its objectives. This training program aims to equip participants with the knowledge and skills to manage their organizations effectively.

Target Audience

This training program is designed for current and aspiring managers, supervisors, team leaders, and other professionals responsible for managing or overseeing the operations of an organization. The program is suitable for individuals working in both the private and public sectors, including small and large organizations.

Objectives

By the end of this training program, participants will be able to:

- Understand the principles and practices of organizational management
- Develop and implement effective organizational plans
- Design and implement an effective organizational structure
- Lead and manage teams effectively
- Communicate and resolve conflicts within an organization
- Manage financial resources effectively
- Manage change within an organization
- Develop and execute a strategic plan
- Promote ethical behavior and social responsibility within an organization
- Improve organizational effectiveness and performance

Methodologies

To achieve these objectives, the training program will use a variety of methodologies, including:

- Lectures and presentations to provide participants with foundational knowledge and understanding of organizational management concepts and principles
- Case studies and practical examples to illustrate the application of organizational management principles and practices in real-world situations
- Group exercises and discussions to facilitate active learning, collaboration, and idea-sharing among participants
- Role-playing and simulations to provide participants with opportunities to practice and apply organizational management techniques and strategies
- Self-assessment and reflection exercises to encourage participants to evaluate their own strengths and weaknesses and identify areas for improvement
- Continuous feedback and evaluation to measure progress and identify opportunities for improvement

throughout the training program.
