## Conference: Task Management Skills

Conference code: CO8071 From: 9 - 13 March 2025 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe  
Conference Fees: 5775 € Euro

### Introduction

In today's competitive environment, the best supply chain will win. The chain that offers the highest value to its customers will have a competitive advantage. This requires a broader outlook than just the borders of the company. Indeed, it requires full visibility of all the players in the supply chain. In this conference you will study:

- The various processes in the Supply Chain
- The structure of a Supply Chain
- What makes a Supply Chain successful?
- The role of inventory in the Supply Chain

### Conference Objectives of Task Management Skills

- To define and understand the concept of a Supply Chain
- The role of inventory in the Supply Chain
- Critically determine the number of spare parts required
- Determining the optimal inventory solution for spare parts
- Implement creative ways of reducing working capital

### Conference Methodology of Task Management Skills

Participants will learn by active participation throughout the program through the use of program materials, exercises, questionnaires, training videos, and discussion of "real life" issues in their organizations.

### Conference Summary of Task Management Skills

This program covers essential skills that are necessary to plan, execute, and control the Supply Chain. The program begins with the concept of a Supply Chain and will discuss all the aspects relating to Supply Chain Management.

### Conference Outlines of Task Management Skills

#### Day 1: The Concept of the Supply Chain

- Historic overview of ancient supply chains
- The concept of a Supply Chain
