Training Course: Sustainable Rural Development

Training Course code: SC235477 From: 31 March - 4 April 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 5775 € Euro

Introduction

The "Sustainable Rural Development" training program, designed by Global Horizon Training Center, aims to provide participants with the knowledge and skills required to foster sustainable development in rural areas. This comprehensive program addresses the challenges and opportunities associated with rural development, focusing on sustainable practices that promote economic growth, environmental stewardship, and social equity. Participants will learn how to design, implement, and evaluate sustainable development projects that benefit rural communities.

Objectives

- Understand the principles and concepts of sustainable rural development.
- Identify the key challenges and opportunities in rural development.
- Learn about sustainable agricultural practices and their impact on rural economies.
- Develop skills to design and implement sustainable development projects.
- Enhance capacity for monitoring and evaluating rural development initiatives.
- Promote community participation and stakeholder engagement in development projects.
- Foster innovative solutions for rural infrastructure and services.

Course Methodology

The course will utilize a blend of instructional methods to ensure a comprehensive learning experience, including:

- Interactive lectures and presentations
- Case studies and real-world examples
- Group discussions and workshops
- Practical exercises and field visits
- Guest speakers from industry and academia
- Action planning sessions

Organizational Impact

By participating in this training program, organizations can expect the following impacts:

- Enhanced capacity to design and implement sustainable rural development projects.
- Improved understanding of sustainable practices and their benefits.
- Strengthened stakeholder engagement and community participation.
- Increased innovation in rural infrastructure and service delivery.
- Better monitoring and evaluation of development initiatives, leading to more effective outcomes.

Target Audience

This program is ideal for:

- Rural development practitioners and policymakers
- Agricultural and environmental professionals
- NGO and community organization staff
- Development project managers and coordinators
- Local government officials and planners
- Academics and researchers in rural development
- Anyone interested in sustainable rural development

Outlines:

Day 1: Introduction to Sustainable Rural Development
