Training Course: Perception, Sensory Awareness, and Cognitive Thinking

Training Course code: SC235224 From: 9 - 13 June 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur
Training Course Fees: 5775 € Euro

Introduction:

One of the most modern strategies for developing cognitive skills is practical application and simulating real security scenarios. Being aware of security and feeling the responsibility for it, combined with continuous innovation in security procedures and diversification in security applications, keeps cognitive thinking in sync with the latest developments. The more your mind remains adaptable, the more your perception becomes accurate, and your sensory awareness is refined to stay up to date with changes and events.

Target Audience:

- Security and police officers.
- Private security personnel.
- Police officers.
- Crisis and disaster management organization employees.
- Anyone looking to develop their skills and expertise in this field.

Objectives:

By the end of the training program, participants will be able to:

- Development of Field Skills and Enhancement of Security Awareness for Security Personnel by Training Them in the Correct Methods to Face Various Security Situations.
- Reviewing Safe Methods for Conducting Inspection, Control, Suspicion, Collecting Investigations, and Inferences.
- Increasing Mental Training and Elevating the Performance Efficiency of Security Personnel by Equipping Them with the Necessary Security, Mental, and Field Skills to Confront Security Risks.
- Qualifying Leadership Figures to Master Creative Thinking and Elevate Security Awareness Skills.
- Acquiring Behavioral, Personal, and Professional Skills Needed for Leading Work Teams and Managing Crises.
- Utilizing Natural Leadership and Training Other Leaders to Excel in Tracking and Solving Complex Security Problems.

- Implementing a Scientific and Practical Study of Various Leadership Skills through Personality Analysis and Professional Interaction Models.
- Application of Charismatic Leadership Skills for Human Leadership.
