Training Course: NEBOSH International General Certificate

Training Course code: HE234638 From: 4 - 8 May 2025 Venue: Alexandria (Egypt) - Training Course Fees: 4345 🛘 Euro

Introduction

This course reflects the latest syllabus. Developed and updated by NEBOSH and 3000 of the world's leading organizations and industry experts.

The NEBOSH International General Certificate in Occupational Health and Safety IGC is a leading qualification in health and safety management. It'll teach you the essential skills to be able to identify and manage real, everyday risks in your workplace.

The course is based on international standards, such as the International Labour Organisation ILO, so you can confidently apply what you've learned in whatever industry or country you work in.

Course Objectives of NEBOSH International General Certificate

By the end of the course, you'll be able to:

- Justify the need for health and safety improvements
- · Advice on duties for health and safety in the workplace
- Help your organization to manage contractors
- · Work within a health and safety management system
- Positively influence health and safety culture and behavior
- Carry out a general risk assessment using a 5-step approach of your workplace
- Recognize workplace changes and their impacts and understand how to minimize these impacts
- Develop basic safe systems of work that include emergency arrangements and know when to use a permitto-work system
- Take part in incident investigations
- Help your employer check the effectiveness of their health and safety management system through monitoring, auditing, and review.

Target Audience of NEBOSH International General Certificate

The course is for anyone who needs a broad understanding of health and safety issues to be able to manage day-to-day risks effectively, including:

- Health and Safety Officers
- General Managers and Supervisors
- HR Managers
- Directors
- · Security workers
- Public Service workers
