Training Course: Managing Financial Functions and Improvement Opportunities: The Effective Financial Controller

Training Course code: FI1979 From: 24 - 28 March 2025 Venue: Kigali (Rwanda) - Training Course Fees: 5950 € Euro

Introduction:

Welcome to the training program on "Managing Financial Functions and Improvement Opportunities: The Effective Financial Controller," designed by Global Horizon Training Center. This comprehensive program aims to equip financial professionals with the necessary knowledge and skills to effectively manage financial functions within an organization and identify improvement opportunities for enhanced financial performance.

Objectives:

- Understand the role and responsibilities of a financial controller in an organization.
- Gain proficiency in financial analysis techniques and tools.
- Develop strategies to optimize financial processes and improve operational efficiency.
- Identify key performance indicators KPIs and implement effective performance measurement systems.
- Enhance financial decision-making skills to drive organizational growth and profitability.
- Learn to effectively communicate financial information to stakeholders.

Methodology:

The training program will employ a combination of interactive lectures, case studies, group discussions, practical exercises, and real-world examples. Participants will engage in hands-on activities to reinforce their understanding of financial management concepts and develop practical skills.

Target Audience:

This training program is designed for financial controllers, finance managers, senior accountants, and professionals involved in financial management within organizations. It is suitable for both experienced professionals seeking to enhance their skills and knowledge and those transitioning into financial controller roles.
