Training Course: Business Process Outsourcing Management (BPO)

Training Course code: PC9429 From: 10 - 14 February 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5250 € Euro

Introduction

Business process outsourcing BPO is a method of subcontracting various business-related operations to third-party vendors. Although BPO originally applied solely to manufacturing entities, such as soft drink manufacturers that outsourced large segments of their supply chains, BPO now applies to the outsourcing of services, as well.

Course Objectives of Business Process Outsourcing Management BPO

The Attraction of Business Process Outsourcing BPO

Companies are often drawn to BPO because it affords them greater operational flexibility. By outsourcing non-core and administrative functions, companies can reallocate time and resources to core competencies like customer relations and product leadership, which ultimately results in advantages over competing businesses in its industry.

BPO offers businesses access to innovative technological resources that they might not otherwise have exposure to. BPO partners and companies constantly strive to improve their processes by adopting the most recent technologies and practices.
