

*Training Course:
Advanced Techniques in Business Process
Improvement*

30 March - 3 April 2025

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Advanced Techniques in Business Process Improvement

Training Course code: MA235659 From: 30 March - 3 April 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3250 € Euro

Introduction

In today's dynamic business environment, organizations must continuously enhance their processes to stay competitive, reduce costs, and improve quality. This advanced program provides participants with cutting-edge tools and techniques to refine business processes, eliminate inefficiencies, and create value across the organization. Through a mix of theoretical frameworks and practical applications, participants will gain the skills to analyze, design, and implement robust process improvements that align with strategic objectives.

Objectives

By the end of this program, participants will:

1. Understand advanced concepts and methodologies in business process improvement BPI.
2. Develop skills to identify inefficiencies and bottlenecks in business processes.
3. Master tools such as Lean, Six Sigma, and Business Process Reengineering BPR.
4. Implement strategies for process optimization to enhance productivity and quality.
5. Cultivate a culture of continuous improvement within their organizations.

Course Methodology

- Interactive Lectures: In-depth exploration of concepts and frameworks.
- Case Studies: Analysis of real-world applications of business process improvement techniques.
- Workshops: Hands-on practice in applying tools and methodologies.
- Group Activities: Collaborative problem-solving and idea generation.
- Feedback Sessions: Personalized insights to improve understanding and application.

Organizational Impact

- Streamlined processes that reduce waste and improve efficiency.
- Enhanced organizational agility and ability to adapt to market changes.
- Better alignment of processes with strategic goals, leading to improved performance.

- Increased employee engagement through the adoption of a culture of continuous improvement.
- Strengthened customer satisfaction and loyalty through enhanced service delivery.

Target Audience

This program is designed for:

- Operations managers and process owners.
- Quality assurance professionals.
- Business analysts and improvement consultants.
- Project managers and team leaders.
- Senior professionals seeking to drive process excellence in their organizations.
