# Conference: Financial Modeling & Fundamental Analysis

Conference code: CO235292 From: 9 - 13 February 2025 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Conference Fees: 6000 

Euro

#### Introduction:

Financial Modeling & Fundamental Analysis workshop is designed to provide participants with comprehensive knowledge and practical skills in analyzing financial data to make informed investment decisions. Through a blend of theoretical concepts and hands-on exercises, participants will gain proficiency in building financial models and conducting fundamental analysis.

#### **Target Audience:**

- Finance professionals seeking to enhance their analytical skills.
- Investors looking to make informed decisions in the stock market.
- Students pursuing degrees in finance, accounting, or related fields.
- · Anyone interested in understanding the fundamentals of financial analysis and modeling.

### Objectives:

By the end of the workshop, participants will be able to:

- Understand the principles of financial modeling and fundamental analysis.
- Build robust financial models using Excel or other relevant software.
- Analyze financial statements to evaluate a company's performance and financial health.
- Interpret key financial ratios and metrics to assess investment opportunities.
- Apply various valuation techniques to estimate the intrinsic value of a company.
- Make informed investment decisions based on sound financial analysis.

#### **Outlines:**

#### Day 1:

#### Introduction to Financial Modeling

Understanding the basics of financial modeling

- Overview of Excel functions and shortcuts for financial modeling
- · Building a simple financial model: income statement, balance sheet, and cash flow statement

#### Day 2:
