Training Course: Maximizing Personal Productivity and Positive Thinking

Training Course code: HR235608 From: 8 - 12 December 2025 Venue: London (UK) - Landmark Office Space
- Oxford Street Training Course Fees: 5500 € Euro

Introduction

This program is designed to equip participants with practical strategies to boost personal productivity and cultivate a positive mindset. Combining actionable productivity techniques with mental resilience practices, the course aims to help participants enhance their focus, manage time effectively, reduce stress, and foster an optimistic outlook. By the end of the training, participants will be well-prepared to maximize their personal productivity and embrace challenges with a positive mindset.

Target Audience

Professionals at any level looking to improve their personal productivity and adopt a positive outlook in both their personal and professional lives.

Objectives

- Understand and apply time management strategies to increase productivity.
- Learn techniques to minimize procrastination and distractions.
- Cultivate a positive mindset to manage stress and build resilience.
- Develop personal and professional goals and maintain motivation.
- Practice methods for sustaining productivity while preventing burnout.

Outline

Day 1: Foundations of Personal Productivity

- Session 1: Understanding Personal Productivity
 - Definition and importance of personal productivity
 - Common barriers to productivity
- Session 2: Time Management Techniques
 - The Pareto Principle 80/20 Rule and its applications
 - Time-blocking and scheduling methods for productivity
- Session 3: Self-Assessment and Productivity Goals

- Identifying personal strengths and weaknesses in productivity
