Training Course: Strategic Management Professional

Training Course code: MA235638 From: 14 - 18 April 2025 Venue: Casablanca (Morocco) - New Hotel Training Course
Fees: 4500 € Euro

Introduction

In today's fast-paced and increasingly complex business landscape, effective strategic management is crucial for organizations aiming to achieve long-term growth, adapt to change, and stay competitive. Strategic management is not only about setting long-term goals but also about making data-driven decisions, aligning resources, and fostering a culture of adaptability and innovation. This five-day **Strategic Management Professional** program is meticulously designed to provide participants with the skills, tools, and frameworks needed to design, execute, and sustain effective strategies at both business and corporate levels.

Throughout this program, participants will gain a comprehensive understanding of the strategic management process, from analyzing the external environment and internal capabilities to formulating strategies that drive competitive advantage. The course also delves into the implementation and monitoring phases, which are often challenging yet critical for ensuring that strategies are realized effectively.

Special emphasis will be placed on contemporary strategic themes such as digital transformation, risk management, and innovation, equipping participants to tackle modern challenges head-on. By the end of this course, participants will be empowered to take a proactive approach in guiding their organizations towards achieving mission-critical objectives, enhancing overall resilience, and sustaining market leadership.

Objectives:

- Develop a strong foundation in strategic management principles and frameworks.
- Master techniques to assess organizational strengths, weaknesses, opportunities, and threats.
