The Advanced Management Workshop

14 - 18 July 2025
London (UK)
Landmark Office Space - Oxford Street

Conference: The Advanced Management Workshop

Conference code: CO235481 From: 14 - 18 July 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Conference Fees: 6000 € Euro

Introduction:

This workshop equips executives to navigate market challenges and drive sustainable growth. It offers advanced management strategies focused on leveraging organizational strengths and maximizing growth. Participants receive a personalized diagnostic of current processes, review modern management practices, and explore new growth opportunities in strategy. Key topics include engaging teams, enhancing organizational performance, and delivering customer value. Ideal for seasoned executives seeking innovative solutions for the next three years.

Objectives

- Understand and contribute to a discussion of emerging business issues in management.
- Determine your leadership and management advantage and plan your future in a risk-free environment.
- Challenge traditional assumptions and examine business challenges from new current perspectives.
- Build on core functional competencies by creating a sustainable competitive advantage.
- Shift to new management and leadership paradigms and behaviors.
- Develop an implementation plan for your return.

Target Audience

- A senior functional head
- A member of the executive committee
- The head of a major business unit
- A senior member of the operating group

Process

The workshop is delivered in a highly interactive, hands-on learning style by senior consultants with corporate experience. In addition to facilitator-led group discussions, case studies, and learning group exercises, this workshop includes experiential learning and other instructional modalities to accommodate a variety of executive learning styles and to improve learning and retention.

Benefits

- Turn ideas into action through a hands-on case that interconnects all the influences on general management decisions.
- Capture advanced-level management learning in a concise and dynamic format.
- Build readiness to seize opportunities as markets turn up.
- Gain exposure to pioneering trends in productivity, innovation, strategy, performance, etc.
- Connect with an exceptional peer group from diverse industries.
- Gain coaching advice from senior consultants on igniting growth and momentum in your organization.

Results

- Focusing on ways to create value in a downturn.
- Understanding the results-oriented view of marketing prepares senior leaders to manage marketing across multiple areas.
- Gain effective strategies for maximizing the potential for greater bottom-line and shareholder value.
- Explore techniques for managing incremental and disruptive innovation, as well as the organizational dilemmas inherent in managing strategic contradictions.
- Explore new market space opportunities.

Core Competencies

- Emphasizing the art of configuring internal management activities to create new sources of competitive advantage.
- Acquiring a set of methodologies and action-planning tools for diagnosing and solving organizational problems.
- Analyzing the role of senior management in applying competitive analysis and best alternative strategies.
- Applying strategic analysis to evaluate available resources, market opportunities, and the effectiveness of organizational structures, systems, and processes.
- Analyzing options for articulating a clear vision, building a coalition of support, and creating an organization that is capable of reinventing itself.
