Training Course: Maintenance Leadership: Inspiring and Empowering Teams

Training Course code: LS235496 From: 14 - 25 April 2025 Venue: Barcelona (Spain) - Grupotel Gran Via 678 Training Course Fees: 9000 € Euro

Introduction

This advanced training program, designed by Global Horizon Training Center, is focused on equipping maintenance leaders with the skills and knowledge necessary to inspire and empower their teams. In today's dynamic industrial environments, the ability to lead effectively and motivate teams is essential for achieving operational excellence. This program is tailored to help maintenance leaders develop a leadership style that fosters a positive work culture, encourages innovation, and drives team performance to new heights.

Objectives

By the end of this program, participants will be able to:

- Cultivate a leadership style that inspires trust, loyalty, and motivation within maintenance teams.
- Empower team members to take ownership of their roles and contribute to organizational success.
- Enhance communication skills to build strong relationships and foster collaboration.
- Implement strategies for continuous improvement and innovation within maintenance teams.
- Lead by example and create a work environment that promotes safety, quality, and efficiency.
- Develop resilience and adaptability in leadership to navigate challenges and change.
- Align team objectives with the broader goals of the organization to ensure cohesive performance.

Methodology

The program uses a blend of interactive and experiential learning methods, including:

- Leadership Workshops: Facilitated discussions and exercises focused on key leadership concepts and strategies.
- Case Studies: Real-world examples to analyze and learn from successful maintenance leadership practices.
- Interactive Simulations: Hands-on activities that mimic maintenance leadership scenarios.
- Peer Discussions: Collaborative sessions where participants exchange ideas and experiences.
- Personalized Coaching: One-on-one coaching sessions to help participants refine their leadership skills.

- Project-Based Learning: Participants work on projects that apply the course concepts to their own work environments.

Organizational Impact

Organizations will see significant benefits, including:

- More inspired and motivated maintenance teams, leading to higher productivity and morale.
- Improved team cohesion and collaboration, resulting in more efficient maintenance operations.
- Enhanced problem-solving and innovation within the maintenance department.
- Increased alignment of maintenance activities with organizational goals, driving overall success.
- A culture of continuous improvement, safety, and quality within maintenance operations.

Target Audience

This program is designed for:

- Senior Maintenance Managers
- Maintenance Supervisors
- Facilities Managers
- Operations Managers with maintenance responsibilities
- Engineering Managers
- Aspiring leaders in maintenance roles

Outlines
