### Introduction

This specialized training program, designed by Global Horizon Training Center, equips professionals in procurement and supplier management with industry-leading best practices for optimizing supplier relationships and effectively managing procurement contracts. Attendees will gain insights into the principles of supplier evaluation, negotiation tactics, risk mitigation, and contract management. This course will enable participants to develop a strategic, value-oriented approach to supplier partnerships that contribute to long-term organizational success.

### Objectives

By the end of this course, participants will be able to:

- Understand the strategic role of supplier management in organizational success.
- Develop skills to evaluate, select, and manage suppliers based on performance metrics.
- Apply negotiation techniques for favorable contract terms.
- Implement best practices in contract formulation and administration.
- Manage supplier risks and ensure compliance with contractual obligations.
- Align supplier performance with organizational goals and sustainability standards.
- Utilize data analysis for monitoring supplier performance and contract fulfillment.

### Course Methodology

The program will use a mix of lectures, case studies, group discussions, role-playing exercises, and practical workshops. Real-world scenarios and examples will help reinforce concepts, allowing participants to apply their learning directly to their roles. Interactive sessions and peer feedback will further enhance the learning experience, promoting collaboration and active engagement.

### Organizational Impact

Upon completion, organizations will benefit from:

- Enhanced supplier relationships leading to better pricing and terms.
- Improved contract management processes that minimize risks and legal issues.

- Higher standards of compliance, quality control, and supplier accountability.
- Cost savings through effective negotiation and contract administration.
- Greater alignment between procurement activities and strategic goals.
