## Training Course: Advanced Strategic Management

Training Course code: LS1042 From: 7 - 11 July 2025 Venue: London (UK) - Landmark Office Space - Oxford Street  
Training Course Fees: 5500 € Euro

### Introduction

To managers and leaders moving into a significant leadership position, you face the challenge of developing and executing strategies in a dynamic global environment. You must build a team and manage internal and external resources and relationships so that your organization can enhance your value chain and deliver results. As the leader, you are in charge and need to enhance your personal impact and influence to meet these challenges. Only a system-wide view of your business and the world in which it operates can help you to become an effective, operational and visionary leader.

The Advanced Strategic Management program will help you build the skills you need to boost performance in your business today and to prepare your organization to sustain performance in the future.

### Objectives

- Strategic: Keeping your focus on both strategic and operational goals and adjusting to the continual changes in the market.
- Organization: Aligning the organization to fit the new strategy and culture.
- Leadership: Increase your effectiveness as a visionary leader to make a greater impact on the people over time.
- Leading Teams: Increase your ability to effectively build the collaboration necessary to get your strategies approved and people to cooperate.
- How: Case studies, videos, simulations, workshops, individual project-work, weekend retreats, group sessions, guest speakers and Faculty coaching will help you to take the classroom back to your office. The first two weeks will deal with thinking strategically about your business and managing your organization to realize your goals. The third and final week will focus on the challenges of execution.

### Course Delegates

Executives and high-level managers taking on additional strategic leadership responsibilities, who are looking to sharpen their analytical skills and strategic leadership effectiveness. Middle managers contributing to the strategies and execution of an organization.

### Course Process

The process utilizes all aspects of learning and development including media slides, case studies, video examples, articles from high-level business universities and interactivity among delegates. Workbooks are used to focus on many of the challenges you face, such as customer analysis, stakeholder analysis, strategy, and leading change. They serve as tools to help translate your learning into concrete plans and actions, as well as to engage your

organization and team back at the office.
