Training Course: Certified Business Continuity Professional (CBCP)

Training Course code: MA235053 From: 15 - 19 December 2025 Venue: Madrid (Spain) - Pestana CR7 Gran Vía Training Course Fees: 5500 € Euro

Introduction:

The Certified Business Continuity Professional CBCP program is a professional certification designed to equip individuals with the skills and knowledge needed to develop, implement, and maintain effective business continuity plans. The program is recognized globally and is intended for professionals who are responsible for ensuring business continuity, disaster recovery, and emergency management within their organizations.

Objectives:

The objectives of the CBCP program are as follows:

- To provide individuals with a comprehensive understanding of the principles and practices of business continuity planning.
- To equip individuals with the skills and knowledge needed to develop and implement effective business continuity plans.
- To enable individuals to assess risks and vulnerabilities, and develop strategies to mitigate them.
- To provide individuals with an understanding of the importance of business continuity in ensuring the survival and success of organizations.
- To prepare individuals to take the CBCP exam and earn the certification.

Target Audience:

The CBCP program is intended for professionals who are responsible for ensuring business continuity, disaster recovery, and emergency management within their organizations. This includes, but is not limited to, business continuity managers, IT disaster recovery managers, emergency managers, risk managers, and security managers.
