Training Course: Oil Products Marketing

Training Course code: SC235143 From: 10 - 14 March 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur Training Course Fees: 6000 € Euro

Introduction

Welcome to the Oil Products Marketing Training Program! In today's dynamic and competitive energy landscape, effective marketing strategies are essential for organizations in the oil and petroleum sector. This comprehensive training program has been designed to equip professionals in the industry with the knowledge and skills needed to succeed in the complex world of oil products marketing.

As we delve into this program, you will gain insights into market analysis, regulatory compliance, supply chain management, customer relationship management, sustainability practices, data analysis, and financial management, all tailored to the unique challenges of the oil products marketing sector.

Objectives

Upon completion of this training program, participants will be able to:

- Understand the fundamentals of the oil industry, including key players and market dynamics.
- Conduct effective market analysis and develop strategic marketing plans.
- Comply with regulatory requirements and navigate environmental and safety standards.
- Manage the complexities of supply chain operations, from procurement to logistics and risk management.
- Build and maintain strong customer relationships, enhancing customer satisfaction and loyalty.
- Explore sustainable practices and strategies for a changing energy landscape.
- Utilize data analysis and digital marketing techniques to drive marketing success.
- Develop budgeting and financial management skills to optimize marketing campaigns.

Target Audience

This training program is ideal for professionals and decision-makers in the oil and petroleum industry, including but not limited to:

- Marketing and Sales Executives
- Product Managers
- Supply Chain Managers

- Regulatory and Compliance Officers
- Environmental and Safety Specialists
- Customer Service Representatives
- Sustainability and Clean Energy Advocates
- Financial Analysts
