Training Course: Project Management Skills for Leaders

Training Course code: PC235629 From: 1 - 5 September 2025 Venue: Amsterdam (Netherlands) - Grand Hotel Amrâth
Amsterdam Training Course Fees: 5500 € Euro

Introduction

This program is designed to equip leaders with the essential skills and methodologies required to drive project success. It focuses on advanced project management principles, strategic planning, and effective resource management tailored to leadership roles. Leaders will gain insights into aligning project outcomes with organizational goals, managing cross-functional teams, and applying best practices to meet objectives and ensure sustainable project impact.

Target Audience

Senior managers, department heads, project directors, and other leadership roles responsible for overseeing projects and ensuring their alignment with organizational strategies.

Objectives

- Understand the principles of project management from a leadership perspective.
- Master techniques for project planning, execution, and monitoring.
- Learn effective risk management strategies to anticipate and mitigate project challenges.
- Enhance communication and decision-making skills critical to project success.
- Develop skills to lead, motivate, and manage project teams efficiently.

Outlines:

Day 1:

Introduction to Strategic Project Management for Leaders

- Overview of project management principles in a leadership context
- Aligning projects with organizational goals and strategy
- Key leadership responsibilities in project management
- Case studies on successful leadership in projects

Activities: Group discussions on aligning projects with strategic goals, leadership role analysis

Day 2:

Advanced Project Planning and Resource Allocation

- Strategic project planning techniques
- Efficient resource allocation and budget management
- Setting up key performance indicators KPIs and project milestones
- Tools for effective project scheduling and timeline management

Activities: Hands-on session on using planning and scheduling tools, scenario-based resource planning exercises

Day 3:

Risk Management and Problem-Solving in Project Leadership

- Identifying and assessing project risks
- Strategies for proactive risk mitigation
- Effective problem-solving and decision-making for project leaders
- Real-world examples of risk management in projects

Activities: Risk assessment workshop, case study on problem-solving in complex projects

Day 4:

Leadership Communication and Stakeholder Engagement

- Effective communication strategies for project leaders
- Engaging and managing stakeholders effectively
- Building cross-functional team collaboration and support
- Conflict resolution and negotiation skills in project settings

Activities: Role-play on stakeholder engagement, communication skill-building exercises

Day 5:

Monitoring, Evaluation, and Project Closure

- Monitoring progress and adjusting plans as necessary
- Evaluating project outcomes against objectives

- Best practices for project closure and documentation
- Lessons learned and continuous improvement for future projects

Activities: Evaluation and reporting workshop, group reflection on project lessons learned
