Conference: Advanced Financial Statements Analysis

Conference code: CO8303 From: 26 - 30 May 2025 Venue: Kuala Lumpur (Malaysia) - Royale Chulan Kuala Lumpur
Conference Fees: 6000 € Euro

Introduction

This interactive seminar enhances skills in financial analysis, investment appraisal, and performance measurement to drive growth and profitability. It addresses key risks in today's uncertain business environment and teaches effective risk management strategies. Delegates will explore real-world case studies and practical tools for evaluating financial reports, business performance, and investment proposals. Emphasis is placed on identifying and mitigating financial risks to safeguard business value. The program equips participants to manage effectively across all organizational levels.

Objectives

- Read and understand their organization's Annual Financial Report
- Evaluate their firm's financial performance
- Understand and use analytical tools and techniques in practical case-study situations.
- Identify business risks, and consider how these should be managed.
- Appreciate the importance of new investments in maintaining growth and competitiveness, and how these investments should be evaluated.
- Improve their management skills and increase their value to the organization.
- Understand capital investment decisions

Conference Methodology

The seminar will be conducted along with workshop principles with formal lectures, case studies, and interactive work examples. Relevant case studies will be provided to illustrate the application of each tool in an operations environment. Each learning point will be reinforced with practical exercises. Discussion in groups will promote the exchange of concepts and ideas.

Organizational Impact

- Awareness of the relevance and importance of financial statements
- Understanding of the tools and techniques that can monitor and improve performance
- Ability to identify problem areas, and suggest realistic solutions
- Ability to identify and analyze financial risks, and how these can be effectively managed

- The financial knowledge to make better, more informed, decisions

Personal Impact

- Exchange of ideas and knowledge with other professionals
- Increased awareness of techniques in financial analysis and capital appraisal
- A better understanding of the language of finance and accounting
- Knowledge and understanding of business risk
- Increased ability to identify problem areas
- Increased confidence to tackle new situations
