Introduction

This course is designed to develop leadership skills by exploring best practices adopted by globally successful leaders to improve organizational performance. We will focus on guiding teams, creating positive influence, and applying innovative leadership strategies suited for local and global markets. Through case studies and practical tools, you will gain the skills needed to enhance your work environment and achieve peak performance.

Objectives

- Determine best practices of leaders through history and how to apply them today.
- Articulate an understanding of what leadership means in your business.
- Explain your leadership capabilities and areas for personal development.
- Determine your role as an effective leader in any organization.
- Describe a change management model for management and the process of planning, communicating, and implementing change.
- Describe how to build and rebuild trust in an organization.
- Use personal influence and develop political savvy to network and influence people effectively.
- Develop strategies for creating a positive work environment that fosters leadership and a commitment to continuous improvement in others.
- Develop a Personal and Professional Vision and Communicate it to all stakeholders.
- Tap into an "inner power" to gain self-confidence and strength.
- Get the most productivity out of each constituent worker or other.
- Delegate and Empower employees to maximize results and time management.
- Develop a culture that earns respect through new ideas and innovation.

Process

This conference is an interactive mixture of lectures, discussion groups, activities, and practice on various exercises, and video sequences. It provides the latest instructional technologies to enable the delegate to learn and apply the skills and techniques used in the conference.

Benefits

Attending this conference will allow delegates to gain important skills and an understanding of what a leader truly is and how a leader leads effectively. This program includes many of the best practices used in business and government today and demonstrates how a delegate can use these techniques to build a strong fellowship. By focusing on the art of leading, the delegates should be stronger in the areas of visioning, inspiring, decision making, and changing their respective organizations for the better.

Results

To impact their respective organizations, leaders need to know how to foster business growth through more productive people and innovative ideas. This program advances the leadership techniques learned in the program with hands-on, case studies and illustrations of how to apply these skills to build a more robust organization.
