Training Course: Risk Management in Procurement

Training Course code: PU235339 From: 5 - 9 May 2025 Venue: London (UK) - Landmark Office Space - Oxford Street
Training Course Fees: 5500 € Euro

Introduction

Welcome to the 5-day training program on Risk Management in Procurement! In today's dynamic business environment, organizations face various risks in their procurement processes, ranging from financial to operational and legal risks. Effective management of these risks is crucial for ensuring the success and sustainability of procurement activities. This comprehensive training program aims to equip participants with the knowledge and skills necessary to identify, assess, mitigate, and monitor risks in procurement effectively.

Objectives

- Gain a deep understanding of the concept of risk in procurement and its significance.
- Learn techniques for identifying, assessing, and prioritizing risks in procurement processes.
- Develop strategies for mitigating and controlling risks in procurement, including vendor management and contractual risk mitigation.
- Understand the importance of continuous monitoring and reporting in procurement risk management.
- Explore best practices and real-world case studies in procurement risk management.
- Learn how to integrate risk management principles into procurement processes and foster a risk-aware culture within their organizations.

Target Audience

- Procurement Managers and Officers
- Supply Chain Managers
- Contract Managers
- Project Managers
- Risk Managers
- Finance Managers
- Legal Counsel
- Any other professionals involved in procurement activities or responsible for managing procurement risks within their organizations.
