Training Course: Resource Mobilization and Proposal Writing

Training Course code: SC234857 From: 19 - 23 October 2025 Venue: Amman (Jordan) - Chemisty Training Course Fees: 3875 € Euro

Introduction

The ability of development partners to implement their project interventions is dependent on their access to donor funding. Access to these funds requires the submission of proposals for consideration by potential donors. Project results should be effectively communicated and shared through good reports.

For sustainable and effective implementation of project interventions, it is essential that organizations have the capacity to design, write and deliver high-quality project proposals and reports.

This training course aims to equip participants with skills in writing and presenting effective and successful proposals.

Target Audience for Resource Mobilization and Proposal Writing

This course is aimed at :

- Managers
- Program/project coordinators
- Other project staff whose roles involve developing proposals for fundraising and report writing for their organization.

Training Course Objectives for Resource Mobilization and Proposal Writing

By the end of this course the participants will be able to:

- Understand different ways of resource mobilization
- Understand the principles of project development and proposal writing
- Organize the different components of a proposal in a logical flow
- Write an effective proposal according to the donor's requirements and guidelines
- Use of M&E frameworks in project design when developing a proposal
- Write good quality reports tailored to a target audience

Training Methodologies

This course is delivered
respective fields of practice. The course is taught through a mix of practical activities, theory, group work, and case studies.

Training manuals and additional reference materials are provided to the participants.
