Conference: Logistics & Transport Management

Conference code: CO8169 From: 28 September - 2 October 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Conference Fees: 3875 € Euro

Introduction

Effective logistics and transport management ensures the seamless flow of materials across the supply chain. This program equips you with essential skills to optimize purchasing, enhance negotiation tactics, and improve inventory productivity. You will learn to streamline warehouse and transportation operations, using modern techniques for maximum efficiency. By mastering these areas, you can significantly boost supply chain performance.

Objectives

- Examine the most effective purchasing practices
- Learn new trends in supplier management
- Gain greater insight into the negotiation process
- Study the use of negotiation techniques
- Develop a strategy to better manage inventories
- Examine inventory reduction techniques
- Explore new methods and technologies in warehousing
- Analyze the function of transportation management

Methodology

Participants will learn by active participation during the program through the presentation of program material, exercises, training videos, and discussions of "real life" issues in their organizations.

Summary

The quality of operations in the logistics function has a direct impact on the operating performance of an organization. This program is focused on the most modern techniques for the improved management of the flow of materials into and through the organization. It is concerned with all the areas responsible for the logistics process including procurement, inventory management, warehousing and transportation. The seminar also covers the negotiation skills necessary to obtain your requirements in all of these areas.
