## Training Course: Preparing & Monitoring Budgets and Analyzing Costs

Training Course code: FI235404 From: 8 - 12 December 2025 Venue: London (UK) - Landmark Office Space - Portman Street Training Course Fees: 5500 € Euro

### Introduction

Organizations today face increasing financial challenges that require a high level of efficiency in preparing and monitoring budgets and cost analysis. The budget is a vital tool in planning and managing financial resources, and it enables management to make informed decisions that enhance the effectiveness of institutional performance. This advanced training course aims to provide participants with the knowledge and skills necessary to develop accurate budgets, effectively monitor them, and analyze costs in ways that help improve the financial performance of the institution.

### Course Objectives

- Develop budget preparation skills: Understand the different methods of budget preparation in line with the institution's needs and strategies.
- Enhance financial monitoring capabilities: Learn how to monitor the budget, identify and analyze deviations, and take the necessary corrective actions.
- Effectively analyze costs: Acquire the skills necessary to analyze different types of costs and their impact on financial and administrative decisions.
- Prepare advanced financial reports: Learn how to prepare comprehensive and value-added financial reports for senior management to assist them in making strategic decisions.
- Practical applications: Apply theoretical knowledge through practical training and real-world case studies to improve the understanding and practical capabilities of participants.

### Target Audience

- Financial managers: who want to improve their skills in preparing, monitoring, and analyzing budgets and costs.
- Budget analysts: who are looking to develop their skills in cost analysis and provide accurate and comprehensive financial reports.
- Cost managers: who want to improve their understanding of costs and analyze them in ways that contribute to improving financial performance.
- Accountants: who are seeking to deepen their knowledge in budget preparation and analysis in ways that contribute to improving financial performance.
