

*Training Course:
Carbon Credit Market and Sustainable Finance*

27 - 31 July 2025

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Carbon Credit Market and Sustainable Finance

Training Course code: SC235350 From: 27 - 31 July 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3875 € Euro

Introduction

The Carbon Credit Market and Sustainable Finance Training Program offer an in-depth exploration of key concepts, practices, and regulations shaping the intersection of environmental sustainability and financial markets. With the increasing urgency to address climate change, understanding carbon credit markets and sustainable finance is essential for professionals across various industries. This program aims to equip participants with the knowledge and tools necessary to navigate these complex fields, enabling them to contribute meaningfully to the transition towards a more sustainable economy.

Objectives

- Provide a comprehensive overview of carbon credit markets, including voluntary and regulatory frameworks, standards, and protocols.
- Explore the principles and practices of green sustainable finance, including green bonds, sustainable investment frameworks, and taxonomies.
- Understand the role of climate-related financial disclosure in promoting transparency and accountability in financial markets.
- Analyze the implications of climate change mitigation efforts, as outlined by the IPCC RCP emissions pathways, and projected impacts.
- Equip participants with practical strategies for financing sustainability projects and transitioning towards a low-carbon economy.

Target Audience

This training program is designed for professionals working in finance, sustainability, corporate strategy, regulatory compliance, and related fields. It is suitable for individuals seeking to deepen their understanding of carbon credit markets, sustainable finance principles, and climate-related financial disclosure. Target participants may include:

- Finance professionals investment managers, analysts, risk managers
- Sustainability professionals CSR managers, environmental consultants
- Corporate executives and decision-makers
- Government officials and policymakers involved in environmental regulation
- NGOs and non-profit organizations focused on climate change mitigation and sustainability

- Students and researchers interested in environmental economics, finance, and policy.
