Training Course: Oracle Billing and Revenue Management BRM

Training Course code: IT235278 From: 23 February - 6 March 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 6000 € Euro

Introduction

Oracle Billing and Revenue Management BRM is an integrated end-to-end enterprise software suite for the communications industry. BRM revenue generation enables you to deliver services with optimal pricing to your customers. With BRM, service plans can be complex, yet you can change them quickly to respond to changing market conditions. BRM customer management tools enable you to continue generating revenue from existing customers by maintaining a positive and proactive relationship. BRM revenue capture enables you to rate service usage with a high level of control and responsiveness. The BRM system is integrated with network authentication, authorization, and accounting.

Objectives

- Review overall BRM Solution Architecture and functional footprint of the solution
- Describe pricing concepts and pricing model hierarchy
- Describe how BRM applications manage customers
- Explain account balances in BRM
- Explain offline and online charging processes
- Describe billing in BRM

Target Audience
