## Training Course: Budgeting & Cost Control

Training Course code: FI2034 From: 13 - 17 October 2025 Venue: London (UK) - Landmark Office Space - Portman Street  
Training Course Fees: 5500 € Euro

### Introduction

All business decision-making involves analyzing situations containing varying degrees of risk. This program uncovers the essential skills required to understand the processes of budgeting and cost control for better decision-making. From understanding the importance of a well-defined budget process through to the importance of how costs behave so that realistic cost-cutting and budgeting plans can be produced. In this program you will learn how to:

- Identify the principal factors required to produce a successful business case
- Develop budgeting and financial skills required for better decision-making
- Identify sources of financial and business data to support the budgeting process
- Learn new techniques and methodologies to simulate typical business scenarios

### Objectives

- Understand the importance of a well-defined budget process
- Learn costing and budgeting terminology used in business
- Master techniques for cost-benefit analysis
- Learn how to construct profit, cash, and balance sheet plans and budgets
- Learn how to evaluate variances from plan and identify corrective actions
- Understand discounted cash flow DCF techniques and their application to financial decision making
- Build and use budgets relevant to your organization

### Methodology

You will learn by active participation during the program through the use of exercises, case studies, practical workshops, syndicate, and group discussions.
