## Training Course: Proficiency in Security Awareness

Training Course code: HE1956 From: 6 - 10 October 2025 Venue: London (UK) - Landmark Office Space - Oxford Street  
Training Course Fees: 6000 € Euro

### Introduction:

The "Proficiency in Security Awareness" training program is designed by Global Horizon Training Center to provide participants with comprehensive knowledge and skills to enhance security awareness and promote a safe and secure environment. This program aims to equip individuals with the necessary understanding of security principles, best practices, and proactive measures to mitigate security risks effectively. Through interactive sessions and practical exercises, participants will develop a heightened sense of security consciousness and contribute to a safer community.

### Objectives:

- To develop a comprehensive understanding of security concepts, terminology, and principles.
- To enhance participants' ability to identify and assess security risks in various environments.
- To equip participants with strategies and best practices for implementing effective security measures.
- To foster a proactive and vigilant mindset regarding security concerns.
- To promote the development of practical skills in security awareness and risk mitigation.

### Methodology:

The training program will utilize a combination of interactive lectures, group discussions, case studies, practical exercises, and simulations. Participants will be encouraged to actively engage in the learning process, share experiences, and apply the knowledge gained in real-world scenarios. The program will focus on experiential learning to ensure participants grasp the concepts effectively and develop practical skills in security awareness.

### Target Audience:

The Proficiency in Security Awareness training program is suitable for a wide range of individuals, including:

- Security personnel and officers responsible for safeguarding facilities and assets.
- Employees in organizations seeking to enhance security awareness in the workplace.
- Facility and property managers interested in implementing effective security measures.
- Individuals involved in event planning and crowd management.
- Anyone interested in acquiring comprehensive security awareness knowledge for personal development.
