Training Course: Organizational Learning and Development (L&D)

Training Course code: HR235055 From: 3 - 7 November 2025 Venue: Singapore - Training Course Fees: 5950 € Euro

Introduction:

Organizational Learning and Development is an essential aspect of building a successful and sustainable organization. It is the process of creating a culture of continuous learning, growth, and development within the workplace. By investing in learning and development initiatives, organizations can enhance their employees' skills, knowledge, and competencies, resulting in better performance and productivity. This training program is designed to help managers, executives, HR professionals, learning and development specialists, and trainers understand the importance of Organizational Learning and Development and learn how to design, implement, and evaluate effective learning programs in their organizations.

Objectives:

- Understand the role of Organizational Learning and Development in building a learning organization
- Identify key competencies and skills required for successful organizational learning and development
- Develop strategies for creating a culture of continuous learning and development in the organization
- Learn how to design, implement, and evaluate learning and development programs
- Identify ways to measure the effectiveness of organizational learning and development efforts

Target Audience:

- Managers and executives responsible for driving learning and development initiatives in the organization
- Human resources professionals
- Learning and development specialists
- Trainers and facilitators
