Training Course Fees: 6000 € Euro

### Introduction

This training course is designed to be as a guide establishes general rules for evaluating and expressing uncertainty in measurement that are intended to be applicable to a broad spectrum of measurements. The basis of the Guide is Recommendation 1 CI-1981 of the Comité International des Poids et Mesures CIPM and Recommendation INC-1 1980 of the Working Group on the Statement of Uncertainties. The Working Group was convened by the Bureau International des Poids et Mesures BIPM in response to a request of the CIPM. The CIPM Recommendation is the only recommendation concerning the expression of uncertainty in measurement adopted by an intergovernmental organization.
