Training Course: Finance for Non-Finance Managers

Training Course code: MA9330 From: 27 - 31 October 2025 Venue: Bangkok (Thailand) - Training Course Fees: 5950 € Euro

Introduction

Business professionals and managers in any organization rely upon financial information to enable them to effectively undertake their roles. Financial information can provide a clear picture of events that have occurred, and a sound basis for forecasting future events. It can also show whether activities are cost-effective and whether targets have been met, and can be used to measure comparative performance and profitability.

It is vitally important that managers are able to understand, interpret, and utilize financial information and reports, and can acquire the knowledge and skills to apply financial techniques to financial data, to inform logical and worthwhile decision-making.

Course Objectives:

After completing this course, you will be able to:

- Explain the importance of finance and the interpretation of financial information
- Apply the concepts of accounting and finance to analyze financials
- Learn about key accounting and finance terms
- Examine financial statements by using key ratios
- Explain the importance of the budgeting process
- Learn about key components needed to improve profitability
- Finance Practices
- Finance Standards
- Interpretation of Financial Data
- Using Financial Analysis Tools
