Security Management, Planning & Asset
Protection*

22 - 26 June 2025

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Security Management, Planning & Asset Protection

Training Course code: HE8253 From: 22 - 26 June 2025 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 3875 € Euro

Introduction

This course highlights the importance of integrating security management with business operations to protect assets while supporting growth. Participants will learn to identify and evaluate risks from internal and external sources and implement safeguards like Crisis Management and Business Continuity Plans. The program emphasizes essential tools such as risk analysis, security surveys, and vulnerability assessments to secure executive support. Delegates will gain expertise in designing effective security plans, aligning security functions with corporate goals, and meeting international standards. The seminar prepares professionals to lead teams and manage security projects successfully.

Objectives

- Best management practice and how to apply these principles
- Planning security projects and implementing these effectively
- Creating a protection program to protect intellectual property in addition to physical assets
- Running a proactive professional security team

Process

The delegates will be involved in the latest trends in seminar presentations. The classroom presentations are made up of interactive practical exercises, supported by audiovisual material and case studies. Delegates will be expected to participate actively in relating the principles of security management to the specific needs of their industry.

Benefits

Delegates attending this seminar will gain an improved personal knowledge of threats and risks to their organization, they will learn skills to combat these threats and put into place standards, plans, and strategies which if successfully implemented will increase their professional reputation and improve their ability to deal with serious security issues.

Results

Delegates attending this seminar will gain an understanding of the strong business reasons why organizations should effectively manage and plan to protect their human and physical resources. This will lead to improvements in their organization's professional reputation, standard operating procedures, and the ability to continue to function effectively and successfully in the face of today's threats.
