Training Course: Leading PPP Masterclass

Training Course code: LS23452 From: 28 December 2025 - 1 January 2026 Venue: Amman (Jordan) - Chemisty Training Course Fees: 3550 € Euro

Introduction

This 5-day, practical Private-Public Partnerships PPP Masterclass has been specially developed for professionals and organizations who are looking to get involved in PPP Projects or are in their early stages of a PPP program and want a practical and deep understanding on how to plan, develop and execute effective PPP projects.

It will provide participants with an in-depth understanding of what's required for successful PPP investment and projects. It will provide a comprehensive overview of the PPP process, understand the drivers from the perspective of all parties involved in a PPP program, best practices in the design and planning of PPP programs, project & infrastructure finance concepts, examine different sources of finance, understand requirements, and also learn global trends of successful PPP projects. Most importantly, participants will be provided case studies to practically understand success factors of PPP through examples primarily based on major areas of public infrastructure including Roads, Ports, Airports, Bridges, Energy & Power Projects, Metro Systems, Water & Wastewater, and Social Infrastructure.

As with all Equip Global Courses, the emphasis is very much on the practical and interactive exercises and real-life case studies. In addition to presentations of the subjects, participants will be challenged in actual case studies and project exercises to apply the principles discussed. It will also encourage the attendees to develop the tools to implement change upon returning to their workplace.

Who Should Attend?

If you are involved in the development of current/upcoming PPP projects, this masterclass is a must-attend for you. Participants will include:

- Government Officials & Senior Officers from National Line Ministries, State Infrastructure Agencies, or Municipal Governments
- Officials & Senior Officers from PPP, Privatization Units or Investment Agencies responsible for infrastructure development
- Project Developers involved in PPP project development/financing
- PPP Transaction Advisors, Bankers & Legal Consultants
- The staff of Bilateral and International Development Organizations
