Training Course:
Financial Statement Analysis Fundamental

29 December 2025 - 2 January 2026
Casablanca (Morocco)
New Hotel

Training Course:
Financial Statement Analysis Fundamental

Training Course code: FI234886 From: 29 December 2025 - 2 January 2026 Venue: Casablanca (Morocco) - New Hotel
Training Course Fees: 4500 Euro

Introduction

This Financial Statement Analysis Fundamental training course is designed to explain how financial measures of corporate performance are calculated.
The Financial Statement Analysis Fundamental training course covers the basics of financial statement analysis and enables participants to confidently use financial ratios and financial terminology.
This is an introductory course designed for financial reports and accounts users with no prior or limited knowledge of corporate financial information.

Participants will also learn how to use:

- A company financial statement distills the relevant information
- How much cash the business generates.
- Analysis of Liquidity
- Analysis of Rentability
- Ratio Analysis of Capital
- Information about the basis of financial statements.

Benefits of attending

This training course has the aim of providing the attendees with:

- Sufficient knowledge to understand the information provided by the Income Statement, the Balance Sheet, and the Cash Flow Statement.
- The capacity to understand the relationship between the three main financial statements, as approaching each one independently provides an incomplete view of a firm's business model and performance.
- The main and most relevant financial ratios are to understand the capacity of a firm to create economic value and identify the risks involved in doing so.

Target Audience

This is an essential course for:

 Junior professionals in the financial sector

 Junior and Senior profiles in the non-financial sectors

 Investor Relations Managers

 Lawyers and Consultants interested in an in-depth session on Financial Statements
